## CONFERENCE OBJECTIVE AND PHILOSOPHICAL FRAMEWORK

The third KNP national conference is inspired from the critical challenge of human, environmental, and economic sustainability concerning the present and future generations in a global-scale context.

The theme emphasizes the strong foundation that is provided by using research to inform our everyday practices, policies, and analytical approaches.

The 2020 KNP Conference will provide a forum for the sharing of ideas, presentation of research findings, and discussion of professional issues relevant to Sustainability Science.

The conference will proceed in a multidisciplinary way across the various fields and perspectives, through which we can address the fundamental and related questions of Sustainable Development.

This interdisciplinary forum is for scholars, teachers, and practitioners from any professional discipline who share an interest in—and concern for— sustainability in a holistic perspective, where environmental, cultural, economic and social concerns intersect.

We invite you to submit an abstract in the range of the following streams.

1. Economic sustainability	2. Environmental sustainability	3. Socio-cultural sustainability
Financial Sustainability, SME, Micro-finance, Agricultural Sustainability, Youth Employment, Performance Management, International Trade, Manufacturing	Water and Soil conservation, Climate Change, Disaster Risk Reduction, Renewable Energies, Food and Environmental Legislation	Sustainable Urbanism, Education, Governance Sustainability, Human Development, Psychology, Sociology
